Regarding: Livermore Amador Symphony Award Application Evaluation

To Whom it May Concern:

You are being asked to write a brief evaluation for a student who has applied for a Livermore Amador Symphony (LAS) Award for High School Seniors. The purpose of this award is to recognize students who have been active in music during their high school careers, both in school and in the wider community. Therefore, the emphasis is on participation in music-related activities, not necessarily talent or ability. Music-related activities could include participation in a group such as Tri-M or helping to organize concerts or opportunities for others to enjoy music.

Please include the following in your confidential and frank evaluation:

- How does this student participate in school music programs?
- If known, how does this student participate in music programs outside of school (community-based activities)?
- How long has this student been an active participant in music-related activities?
- Please include any information that you feel is important for us to know about this student.

If you have more than one student applying, feel free to include them all in one e-mail. Please send any evaluations to the e-mail address provided below:

nissanack@comcast.net

The deadline is October 12, 2025.

We very much appreciate your participation in the process.

Respectfully,

Nissa L. Nack
